

Dear Sirs,

First, I'd like to thank you for the many years of freedom in broadcasting. May God bless you as you continue to allow this decades old tradition to continue.

Second, I appeal to you to carefully consider what you do with new policies designed to force private radio stations to take advice from a community council.

You would have no authority to do what you are doing if it were not given to from above. One day you will need to answer for how you use your authority. I appeal to you to not force the Christian radio stations out of business. You see, it would effectively force Christian Stations to broadcast things we consider unethical and sinful. It would violate not only the Christian broadcasters, but the country as a whole.

We will be praying that God will deal with you as you deal with others. Quite simply, we will be praying for you as you make decisions and either way, your decision will glorify God. So in advance, thank you for your work as leaders of broadcasting in this country.

Sincerely,  
Jeremy Sensenig
